The EMIS Monitoring Evaluation (M&E) Taskforce

The Pacific EMIS M&E task force was developed by a consortium of development partners, with the aim of improving education statistics and monitoring and evaluation in the Pacific region, and improving coordination between development partners. The main activity of the EMIS M&E taskforce setup with membership from partners (UNESCO, SPC, UNICEF, NZAP, USP, DFAT and PIFS) is the development of an appropriate M&E Framework and performance indicators for Pacific Education (PEDF).
